# COMPACT INSTALLATION LCOS PROJECTOR WUX500 / WUX500 D

Recommended for:

- Corporate
- Education
- Digital Signage
- Advertising and Marketing
- Houses of Worship
- Simulation and Immersive Training

## ADVANCED PERFORMANCE IN A COMPACT SIZE.

This compact installation projector combines many advanced features made possible by the powerful image processing chip and AISYS optical engine that channels the light to help reduce light loss. Features such as built-in edge blending and a lens shift add to the flexibility of installation.

### CONSISTANT 5000 LUMENS OF BRIGHTNESS WITH LCOS

The WUX500 / WUX500 D offers the full projector light output regardless of the zoom position.

- New LCOS chip for brighter, more seamless images
- Advanced image processor for accurate color reproduction
- Canon developed optical engine that provides a consistent 5000 lumens
